

Learning Log:

Subject: _____

As part of your home learning this half term, you will be completing work which will prepare you for your work in September. You will need to show your teacher the work you have done every week. You can fill this in if you would prefer rather than emailing or sending a photo to your teacher. This will allow you to reflect on the work that you have completed each week for each subject.

Within each entry you should comment on the following:

- **New learning:** State **three** pieces of new learning that you have discovered.
- **Resources:** State what resources you used or help you needed to complete the work.
- **Challenge:** Explain **one** thing that you have found challenging and may need to revisit in September
