Getting information to you

- I will continue to send careers updates out each week until the end of term on a Friday. **You need to check your school email account at least once a week.**
- If you need help with anything, please send me an email gibbins@wyvernacademy.org and a number to contact you on and I will give you a call.
- From 18th July I am on holiday so may not get back to you as quickly as usual. I will be back to work full time from 19th August, which gives us plenty of time to sort our college places once we know your results.

New apprenticeships this week

- There are currently 81 apprenticeships within 15 miles of school.
- That is roughly the red circle on this map.

Applicant Event : Tuesday 14th – Thursday 16th July.

- The event is to build upon our virtual open event last month and now introduce students to our curriculum and campus teams. From the reception and grounds staff, through to their course manager and learning support team – the idea is for students to get a feel for their course and the environment of where they will be studying.
- The event will take place via Zoom webinars which means students / parents & guardians (and you if you like!) **do not need to book** and instead can find all the links they need for the event via our What's On page: <https://www.askham-bryan.ac.uk/whats-on/virtual-open-event-1>
- You'll see we start with an introduction to our campuses on Day 1 then followed by our course areas on Days 2 & 3.
- Before the sessions we would encourage students to visit our Find out More page where they can find our course guides, course and support overview presentations, and some virtual tour footage: <https://www.askham-bryan.ac.uk/students/apply-now/find-out-more>
